

DONATUS MENNIA-QUANSAH

Accra, Ghana • +233 20 744 7010 • mennia17@gmail.com • [GitHub](#) • [LinkedIn](#) • [Portfolio](#)

EDUCATION

Kwame Nkrumah University of Science and Technology, Kumasi, Ghana
Bachelor of Science, Statistics

Sept. 2016 – Aug. 2020

SKILLS

- **Languages and Technologies:** JavaScript, Typescript, Python, C#, HTML, CSS, SQL
- **Frameworks and Libraries:** React, Angular, Node.js, Express.js, dot NET Core
- **Mobile Development:** React Native
- **Databases:** MongoDB, PostgreSQL
- **Tools and DevOps:** Git, Postman, API Integration
- **Concepts:** Agile Development, Unit and End-to-End testing, Application Lifecycle, REST APIs

PROJECTS

[News Aggregator API](#)

Built the backend of a scalable service that fetches and aggregates real-time news articles from multiple external sources.

- Developed using **NodeJS** and **ExpressJS** with modular route handling and error management.
- Integrated multiple third-party news APIs and handled asynchronous data fetching using **Axios** and **async/await**.
- Implemented filtering and query parameters to allow users to retrieve news by category, source or keyword.
- Structured the codebase for maintainability and scalability, with very clear separation of concerns

[Employee Management System](#)

Developed the front-end of a web-based employee management system that allows staff to request leave and HR personnel to approve or reject requests.

- Built with **React** featuring clean UI design and user role differentiation (Employee vs HR)
- Implemented dynamic form handling, state management, and conditional rendering for request status.
- Designed reusable components and responsive layouts for seamless interaction across devices.
- Prepared the interface for future backend integration with REST APIs and authentication mechanisms.

PROFESSIONAL EXPERIENCE

SOFTWARE DEVELOPER

Feb. 2025 – Present

MojoPay Limited, Accra, Ghana

- Built the company website from scratch using **React**, delivering a responsive, user-friendly interface.
- Contributed to full stack development of internal financial tools using **React**, **C#**, and **PostgreSQL**.
- Supported deployment and debugging of software in staging and production environments.
- Wrote clear documentation and participated in end-user support and onboarding sessions.

SALES ANALYST

Danone FanMilk Ghana, Accra, Ghana

March 2024 – Jan. 2025

- Performed analytical reviews of sales performance using **Microsoft Power BI** and **Excel**, including forecasting and KPI tracking.
- Partnered with marketing and sales teams to generate insight-driven growth strategies.
- Delivered data visualization dashboards to support commercial decision-making.

ASSISTANT RISK ANALYST

Sept. 2020 – Aug. 2021

Ghana Revenue Authority, Accra, Ghana

- Engaged in risk analysis for financial compliance and audits.
- Supported senior analysts in developing risk mitigation strategies by contributing to data analysis and reporting tasks, demonstrating a keen attention to detail despite being in an entry-level role.
